Workshops are highly interactive working sessions designed to ensure maximum learning effectiveness. All workshops are conducted by a leading industry expert with extensive experience of the financial services sector. All delegates are advised to attend the workshop prior to sitting the examination, to gain maximum benefit of the programme.

The workshop is followed by a one hour testing session. On successful completion of the workshop and awareness test, delegates will be awarded the ICA Certificate in the relevant Awareness program. Those delegates that attend the workshop, but do not wish to be tested, will receive a Certificate of Attendance.

The one-day workshop can be arranged on an in-house basis, with dates suitable to the employers.
